

KEY

ONE WAY SYSTEM ROUND THE SITE

Boat Offloading ONLY

This is the gravel area where you will be asked to drop of your boat and kit. There will be assistants up there to help you with this. Please note that ALL cars and trailers will need to be taken to the lower car parking area

OUT OF BOUNDS

The blue areas on the map are out of bounds, the 'DWSC Windsurfers area' is past the line of plastic rigiflex's. please do not go past this. The 'DWSC Race Officials' area is our dedicated parking area for Race Management.

Dinghy
Launching/Recovery
Keelboat Launching Area

Launching areas for keelboats are going to be separated from dinghies, there is a plastic pontoon/slipway at the keelboat launching area to assist. When you arrive with your keelboat please drop your boat near this area.

Marshalls will be dotted around the site to assist you with the arrival process. Please keep in mind that we do have limited space to when dropping off your boat, please do not leave your car/trailer up at the top level as this is going to cause congestion. The less cars/trailers at the top, the quicker the process.

Under no circumstances shall competitors challenge the Marshalls. They are volunteers. This will be reported.

We look forward to welcoming you to the Datchet Flyer 2024,

Team Datchet.
